

11). Total number of stray sites in the layout with measurement and location – survey number wise with site numbers.

As per BDA Act definition of stray sites as follows:

“A Site which was one allotted but subsequently the allotment was either cancelled by the authority or surrendered by the allottee or a site which has been formed on account of readjustment in the plan subsequent to the issue of notification inviting applications for allotment of sites”

As per definition all sites which are cancelled by authority due to Denotification/ Redo are said as stray sites on paper but these sites are not available due to denotification.

Also sites which has been formed on account of readjustment in the plan will be generated once the lands reviewed by Justice K.N.Keshava Narayana Committee those sites will be allotted for Land Losers in 40:60 Basis, and alternate sites for allottee who lost sites due to denotification/ redo and other issues

Hence stray sites in Arkavathy Layout are not available.
